Report on Poster Competition on National Voters' Day

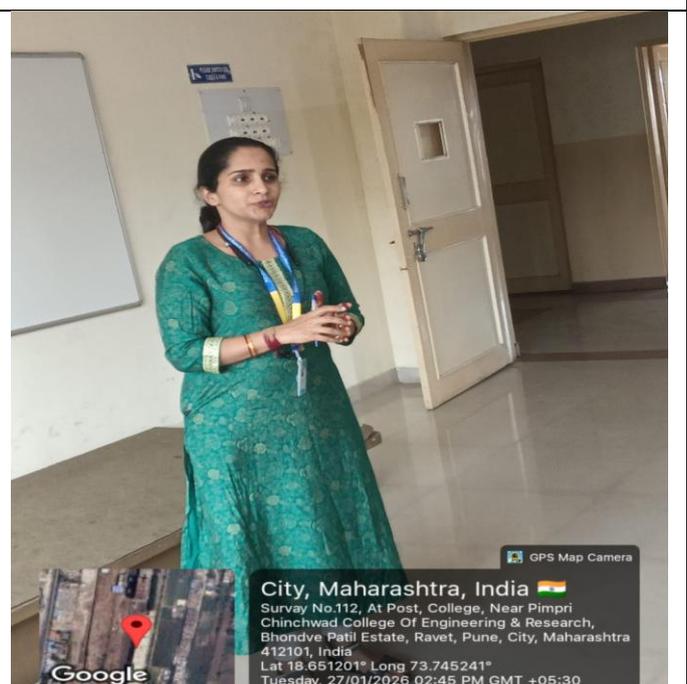

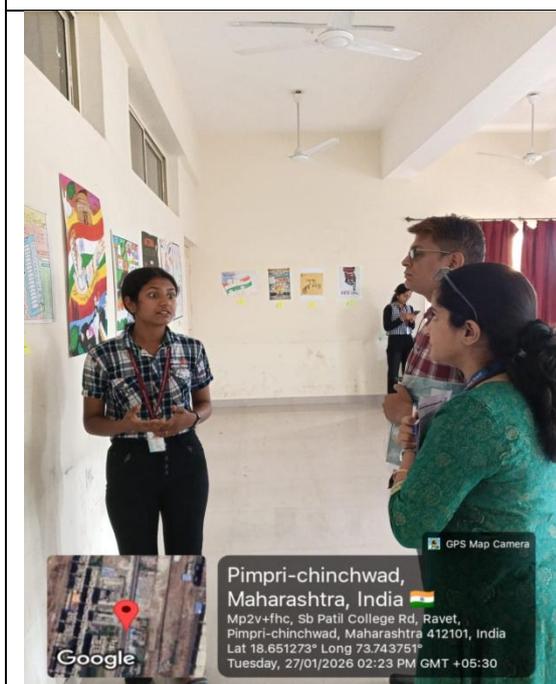

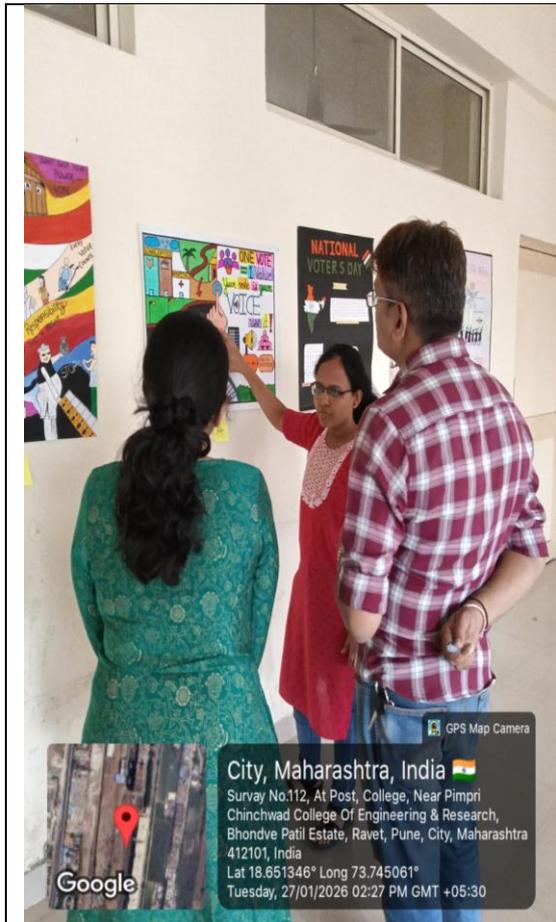

The Department of Political Science organized a Poster Competition on the occasion of National Voters' Day on 25 January 2026 with the objective of creating awareness about the importance of voting and promoting democratic values among students. A good number of students actively participated and presented creative and informative posters highlighting themes such as voter awareness, ethical voting, democratic rights, and the role of youth in strengthening democracy. The competition encouraged students to understand their rights and responsibilities as voters and to express their ideas creatively.

During the event, participating students explained the theme and message of their posters and shared valuable information related to voting awareness and the electoral process. The judges appreciated the creativity, clarity of message, and relevance of the posters and, in their remarks, encouraged students to participate actively in the democratic process by exercising their right to vote responsibly. The activity successfully spread awareness about National Voters' Day and strengthened civic responsibility among students.
