

Report on Photo Contest

Occasion of World Environment Day

Venue: PCACS College, Ravet

Date: 5th June 2025

On the occasion of **World Environment Day**, PCACS College, Ravet successfully organised a **Photo Contest** titled “**Nature Around You**” to promote environmental awareness and appreciation of nature’s beauty. The event was conducted **online** through **Google Forms**, encouraging wide student participation from the comfort of their own surroundings.

The contest aimed to encourage students to observe and capture the natural beauty present around them — whether in their home gardens, local surroundings, or within urban landscapes. Through their lens, students portrayed the theme of biodiversity, greenery, and the essence of environmental harmony.

Participants were asked to upload original photographs along with a brief caption. The entries were judged based on creativity, relevance to the theme, and visual impact. The event witnessed enthusiastic participation from 45 students across various departments. The best entries were selected and winners were announced based on the quality and message conveyed through their photographs. Such initiatives play a vital role in fostering environmental responsibility and mindfulness among youth.
